PROBE OF COAL SITUATION OPENS

Judge Anderson Instructs Grand Jury to Make Investigation Thorough and Searching.

PUTS STRESS ON LEVER ACT

Inquiry to Cover Alleged Collusion Between Miners and Operators to Restrict Production.

(By United Press.)

Indianapolis, Ind., Dec. 17.—Federal investigation of the "entire coal situation" started today.

A special grand jury went into session to probe charges:

That the coal miners violated the government's anti-strike injunction by failing to work after the injunction was issued.

That the mine workers and mine operators went into collusion to restrict production.

That the mine operators violated the Lever act by failing to produce coal when the circumstances were favorable.

And that the mine operators violated the anti-trust laws.

"Let the investigation in all these matters be thorough and searching," District Judge Anderson said. "And let your conclusions be full answers to the questions which have been uppermost in the minds of our citizens for the past few weeks, that is whether the government of the United States or a group of men shall rule this country and whether we shall be governed by laws or by threats."

The court laid particular stress on the alleged violation of the Lever act. Little time was devoted to the anti-trust law.

He did not mention the recalcitrant miners who did not return to work upon receipt of the final order telling them to go back.

Judge Anderson said that the charges of violation of the Lever act were specifically set forth by the government on October 31st, when he signed a bill in his court which was a restraint against carrying out a strike.

REPORTS STOLEN XMAS TREE

Homer Havens, a grocer in the business part of the city, reported today the loss of a Christmas tree taken from a bundle of trees left in front of his store last night. Several trees were fastened together and left outside last night, and this morning one of the large trees was missing, except the base. Mr. Havens reported the matter to the police and said that he would gladly furnish the base if the party would call at the store for it.

TO FIX TIME LIMIT TO SIGN THE PROTOCOL

Peace Conference Expected to Send Note to Germans—Disagreement Over Compensation

70 MILLION LOAN TO AUSTRIA

(By United Press.) Paris, Dec. 17.—The peace conference expects to send the final note to the Germans today, fixing the time limit for the signing of the protocol.

Some disagreement arose between the allies and the Germans as to the amount of compensation Germany is able to pay for the sinking of the Scapa Flow fleet. But these differences were not expected to prove serious to the treaty signing.

The supreme council today granted Austria a loan of \$70,000,000 and each ally is expected to contribute.

WILL GO ON SALE THURSDAY

Red Cross Seals May Then be Purchased at the Postoffice.

Red Cross Christmas Seals will be placed on sale in a booth in the lobby of the postoffice tomorrow, it was announced today by Tri Kappas, who are in charge of the sale here. Every person who mails Christmas gifts will meet the silent reminder that it is their duty to help in the battle against tuberculosis.

The Tri Kappas will also make an effort to have the Seals placed on sale in every postoffice in the country.

LAST OF REGULAR MEETINGS SHORT

Council Removes Ban on Use of Electricity and Adopts 3rd Street Assessment Role

CITY TREASURER TO COLLECT

Property Owner May Pay Share of Improvement in 30 Days or Under Ten-Year Plan

The city council met last night in a regular business session which was completed in thirty minutes, and the ban placed on the use of electricity was lifted, there being no further restrictions added.

Superintendent A. T. Mahin stated that it would be proper to remove the restrictions, and the council voted unanimously that beginning at once, all restrictions would be removed.

The clearing of remonstrators on the Third street assessments came up, and there being no remonstrances on file with the city clerk, the preliminary assessment role was adopted, and the assessments were ordered to be turned over to the city treasurer for collection.

The property owner has thirty days in which to decide one of the two ways in which payments may be made. The first is by cash, which must be paid within the thirty day period, and the other way is the Barrett law, in which ten years time is given on the payments.

The Barrett law requires two payments a year, which also includes interest at the rate of 6 percent on the unpaid amount.

There were several property owners on hand last night who had evidently intended to remonstrate, but didn't know how to proceed and the primary assessment role was quickly decided upon as being permanently adopted.

The council also took up the question of the police registering on a blackboard at the fire department. A resolution was passed which compels the chief of police to register on the even hour, and the policemen on the half hour, which means that an officer may be available every thirty minutes by calling the fire department.

Last night was the last regular meeting night for 1919, and following the usual custom it was decided to meet again Dec. 31 at noon, at which time all business for the year will be settled. The city clerk was instructed to notify all people having outstanding bills against the city, to file them before noon on the 31st.

JURY DELIBERATES IN RAILROAD CASE

\$6,000 Damage Suit of Walther vs. Hines is Concluded This Morning When Arguments Are Heard

BASED ON GLENWOOD MISHAP

Nine New Law Suits Are Filed in Court, Among Them Two Cases For Divorce

The evidence was concluded yesterday afternoon in the case of Walther vs Hines, a damage suit asking judgment in the sum of \$6,000 for injuries sustained in a crossing accident at Glenwood in August 1918, when an automobile driven by Dr. J. E. Walther of Glenwood was struck by a "cut of ears" on the C. I. & W. railroad.

After the evidence was heard it was agreed that two hours argument would be allowed for each side, making a total of four hours for the arguments in the case.

The arguments were started yesterday afternoon, and were concluded this morning, the case going to the jury at 11:20 this morning. The jury was instructed in writing by Judge Sparks.

Donald Smith, attorney for the railroad, in his argument this morning, stated that the Glenwood doctor was guilty of contributory negligence, and stated that he could have avoided the accident had he used due care. He stated that the doctor was fidgety and nervous.

The plaintiff based his plea on the plea on the face that the railroad was negligent, careless and violated the state law in blocking a public highway, and in sending down on the main track "a cut of ears," which he maintains was unguarded.

In case a general verdict is reached, the jury will have to answer 31 interrogatories. It was expected that the jury would take the greater part of the afternoon for their deliberation.

The case has been one of the hardest fought cases in court for some time.

The case set for trial tomorrow is that of Lawson against Comella.

RECRUITING PARTY VISITS RUSHVILLE

Capt. Frank Brown and Five Overseas Men, All Members of First Division, at Postoffice.

SAY PAY BOOST IS LIKELY

Captain Frank Brown and five overseas veterans arrived last night to recruit men for the army and will remain a few days. The party is making the postoffice its headquarters.

Capt. Brown and all of the men served with the first division in France and were on every front except in Flanders, later going to Coblenz with the army of occupation. The recruiting party is making a special effort to enlist men in their division, although they will take men for any branch of the army. Capt. Brown only recently returned from West Virginia, where he was on strike duty, and was immediately sent out on the recruiting mission.

He expects to go to Connerville tomorrow and will be followed later by the men.

Capt. Brown called attention to the recent action of the senate military affairs committee which voted favorably on a bill which, if passed, would add \$50,000,000 to the payroll of the military and naval establishment. It provides for an increase of ten per cent for officers and twenty per cent for enlisted men.

AUTO REPAIR

SHOP DAMAGED

Fire Breaks Out at 2:30 O'clock This Morning in Bowen's Building Back of Postoffice.

PORTION OF IT DESTROYED.

Fire Originates in Northwest Corner From Defective Wiring—Loss Not Estimated.

Fire caused by defective wiring resulted in a serious loss this morning at the machine shop, owned by W. E. Bowen, at the rear of the Masonic building, when a portion of the building was destroyed.

The structure is located across the alley from the postoffice building and is used as a repair shop for the Bowen garage. The loss while serious, could not be estimated by Mr. Bowen, and no insurance was carried on the building.

The fire department was called at two-thirty o'clock over the telephone by Walter Thomas, who lives in Perkins street, very close to the building. "Billie" Denny, night policeman, was in the business section of the city, and also noticed the fire, and ran around to the fire department, sounding the alarm about the same time that it was phoned in.

The chemical truck was used to subdue the flames until water could be thrown. The fire originated in the northwest corner of the building, and is supposed to have started on account of the wiring. A large motor located in this corner of the building was damaged, and the entire corner partially destroyed.

For a time the fire looked serious, and had it not been checked, would have soon spread to adjacent buildings, which are very numerous. The firemen were given much praise in fighting the fire, and they braved the cold of the early morning in great style.

The corner of the building damaged contained much costly machinery. There were no automobiles in the building, as it is used exclusively as a repair shop.

AMERICAN LEGION TO MEET TOMORROW

Further Plans For Pushing Membership Campaign Will be Taken up at Rush Post Session.

POST FORMED AT CARTHAGE

Another meeting of Rush post No. 130, American Legion, will be held at the court house assembly room tomorrow night at 7:30 o'clock when further plans for increasing the membership of the local post will be taken up. The members present at the last meeting were in the dark regarding the plans of the state organization and postponed any definite action until some word came from Indianapolis.

Since that time a circular letter has been received, showing how the state has been divided with respect to the location of posts. A list of cities and towns which had not formed posts but should, was given, and among the number was Carthage. Since that time Carthage has organized a post with a charter membership of twenty-six men. This indicates that the only two posts in the county will be located at Carthage and Rushville.

It is likely that some aggressive program will be outlined at the meeting tomorrow night to add new members. Membership blanks have been printed and distributed among the members of the special membership committee.

BIG 4 RESUMES SCHEDULE

Two Passenger Trains go Back on Tomorrow

The Big Four railroad announced today that they would resume their regular passenger service again tomorrow. About two weeks ago they annulled the two passenger trains, one going north at 11:30 in the morning, and the other south at 6:40 in the evening. This was done on account of the fuel shortage and was in accordance with the government's orders. The regular freight service has already been resumed, and all trains entering Rushville are now back on their schedule used prior to the coal strike.

RECOVERY STILL IN DOUBT TODAY

Christmas Fund is Not Out of The Slump But Shows Some Improvement Over Yesterday

\$300 IS TO BE THE NEXT GOAL

Expenditures are Higher Than Ever Before—Class of Girls Dresses 13 Dolls For Fund

| | |
|--|----------|
| Previously acknowledged | \$188.18 |
| Cash | 1.00 |
| Clark and Son | 10.00 |
| Elizabeth, Anna Louise and Margaret Amos | 3.00 |
| Dr. and Mrs. D. D. Van Osdol | 5.00 |
| Kettle | 9.66 |
| Total | \$216.84 |

The Christmas fund has not entirely recovered from its slump, although it showed some improvement today, with contributions amounting to \$28.66, which sent the total above \$200.

The next goal is \$300 and in order to attain it, scores of Santa Claus' friends will have to come to the front with substantial contributions. There are only six more opportunities to give and they will slip by quickly. So those who want to have a part in spreading the Christmas cheer in Rushville this year will have to hurry.

It takes money to make a Christmas fund—much more than it did a few years ago. For example, there's the expenditure of \$70 today for candy alone. That alights only one-half pound to each child to be remembered by the fund.

All other items of expense are increased proportionately. Rushville merchants have shown a great interest in the fund, however, by giving the purchasing committee a special price on everything which has been bought.

More money than the fund boasts has already been spent and the committee still has other things to buy. So it is up to those who want to see everyone happy on Christmas day to make certain that there is no deficiency when the bills are all in.

There are plenty of Santa Claus' closest friends who have intended to give, but they have neglected to do it.

We sincerely wish we could make it many times as much for we, too, have found there is great joy in giving, writes one contributor to the fund. Others have found the same pleasure in helping and it awaits scores more who intend to help the cause but have put it off from day to day.

OSBORN SCHOOL SCENE OF FIRE THIS MORNING

Bad Flue Causes Sparks to Ignite Roof Soon After School is Taken Up—No Damage

PUPILS TURN FIRE FIGHTERS

A defective flue threatened destruction of the Osborn school house this morning about nine o'clock, and through the efforts of the teachers and students, the flames were extinguished before much headway was gained. A fire had been built in the stove as usual this morning, and the school had taken up, when smoke was noticed.

Mrs. Harold Reeves and Mrs. Owens, the teachers in the school and the pupils, fought the flames which were confined to the roof around the chimney, and the fire was soon extinguished. The Osborn school is located north of Rushville Jackson township.

REDUCTION IN SIZE URGED

House Postoffice Committee Appeals For Conservation of Paper.

(By United Press.)
 Washington, Dec. 17.—An appeal to the newspaper publishers of the country to make an immediate reduction of 10 per cent in the size of their publications because of the paper shortage, was made today by the house postoffice committee.

Such action is necessary to prevent "destruction of a large number of newspapers in the smaller cities or towns and which will inflict irreparable injury on the communities served by them," the committee declared.

Ribbon Sewing Sets

Above are pictured two pretty sewing or darning sets which are intended to hang somewhere conveniently on a wall or be suspended from some place of vantage on the bedroom furniture. At the right of the picture an embroidery hoop is wound with narrow satin ribbon and decorated with bows having many long loops. A thimble, spool of thread, emery bag and needle case are all tied to the hoop or suspended from it. The small kitten of cloth, much dressed up with a bow of ribbon on the neck, carries darning needles in its side and large pins along its back. A little, tinkling silver bell hangs on the ribbon about its neck.

At the left two heart-shaped pieces of cardboard covered with figured satin are sewed together along the sides forming a pocket open at the top which will hold needles, pins and other things. A spool of black and a spool of white thread are fastened to the front of the pocket with a ribbon. Small scissors are suspended at the bottom, a thimble is placed at the left and a glove darning at the right.

A World Wide Phenomena.

While prices in this country have risen to unprecedented levels during the war and after-war period, they have not yet reached the height attained in other countries, for which we may all be thankful.

According to figures recently made public, the wholesale prices of all commodities in September, 1918, were 107% over the average for the year 1913. This was the highest figure reached in this country. The price level in Canada, according to the Canadian labor department, reached the high point in November 1918, the price level then being 115% over the 1913 figure. According to the figures of the London Economist, the price level in the United Kingdom was highest in the month of August, being at that time 133% above the 1913 average. Figures on the increase of prices in France are not available for any time later than June, 1918; however, the index figure as published by the Statistique Generale for the month of May showed an increase of 235% over the 1913 price level. Not only do the countries nearer the scene of actual warfare show greater rises in the price level, but it is also true that in these countries the price began to rise at an earlier date than they did in the United States.

The general rise in commodity prices was accompanied in all these countries by a considerable increase in the amount of money in circulation and in the amount of bank deposits. In this country the average man for many weeks.

The public is in complete ignorance as to the nature of his ailment, or his actual condition.

The country is full of rumors, and no one is able to sift the false from the true.

Dr. Grayson's continued secrecy concerning the condition of the president is becoming both tragical and farcical.

Either we have a president who is capable of performing the strenuous duties of his exalted position, or we have not.

In either case he was placed there by the American people, and the people have a right to know the truth.

It is not a political matter. It is one of common sense.

An English naturalist says an oyster is a creature of low sensibility, with no head development; its nervous system is practically nil; it has no sensory apparatus to feed the consciousness with intelligence, and little else except a body mass and a stomach. Why, go on, man! What you're talking about is an I. W. W.

Wilson says the senate killed the peace treaty, and the senate says

"Mistah Frank, what all do dat news-paper say?"

"It suitin' is serious, ain't it?"

"What?" said the other.

"Why, what he said. Doan' you know dat what he said means de outburst of somethin' wuss dan de Spanish influence?"

"Doan' be silly, nigger," said the other patronizingly. "Doan' be silly. What he said ain't no disease. Nup! It am de name of one de leadinest battle ships."

Two fast contests are expected here Friday night when the local high school team plays the fast team from Liberty, and the second team from the local school, meets the Fairview high school, in a preliminary game.

Liberty is recognized as a strong contender for the district honor, and last Friday night defeated Connersville on the Connersville floor by a good margin of points. The locals are not disheartened by the recent defeat, handed them by Spiceland, Columbus, Shelbyville and Franklin, and will enter the game Friday with the determination of winning a game for a change.

**JURY DELIBERATES****IN RAILROAD CASE**

Continued from Page 1
Contingent upon a decision by the court, the case will be dismissed from Squire Steele's court on an appeal. It involves a \$25,000 damage suit that will be tried before a jury.

Nine new cases have been filed in circuit court, the most important being two divorce cases and a suit to set aside a deed, which was alleged to have been deeded for fraudulent purposes.

Alonzo R. Feemster of Cambridge City is the plaintiff in the land case,

and James W. Henley, et al., are the defendants. The land in question is 50 acres in Washington township, formerly owned by Elmer E. Henley, deceased.

Feemster, according to the complaint, was given judgment on a note in Marion county, the sum of which was \$1874, against Elmer Henley, who is now deceased, and after his death the 50 acre farm was deeded fraudulently to the two sons, James W. and Ora Henley, the latter being the administrator of the estate.

Feemster alleges that the farm is reasonably worth \$12,500, and asks the court to set aside the fraudulent conveyance of the real estate.

Ralph Waggoner has brought suit for divorce from Ethel Waggoner, alleging that the defendant is guilty of being high tempered, jealous, illnatured and provoked quarrels. The complaint also states that her father and brother attacked him on December 12, slashed him with a knife, and threatened to cut his throat.

According to the complaint, they were married July 7, 1917, and separated December 12 of this year. The complaint states that the custody of the child should be given to both of the parents equal portions of the year. Waggoner was a member of the Company B, organized here, and at present is a truck driver.

Dessie Bowles has brought suit for divorce from Omer E. Bowles, alleging that he was disagreeable and quarrelsome, and that he called her vile names, and one occasion struck her. They were married June 29, 1918, and separated April 15, 1919, according to the complaint. In seeking a divorce, she asks for support money during the pendency of the case, and also for the restoration of her maiden name, Dessie Hinelman.

Robert Humes and Scott Buell, formerly in business here, have brought suit on an account against Walter C. Reinheimer, demanding judgment in the sum of \$100, for an unpaid account of merchandise purchased from the firm of Humes and Buell.

The Parlon-Orendorf Company of Canton, Ill., has sued Wylie L. McKee of Milroy on an account and demands judgment in the sum of \$100.

Van E. Lewark of Glenwood has brought suit against Thomas H. Stout, demanding \$100 on a promissory note, which the plaintiff alleges is past due.

Clinton W. Phillips and Laura E. Phillips have filed a complaint for damage against John M. Brown and Rachael Brown, asking judgment in the sum of \$300. The complaint involves a real estate transaction of a piece of city property in East Seventh street, which the plaintiff says was not carried out, causing them to be damaged in the extent of \$300.

Spear and Company, a wholesale mail order house, has filed against Clem Perkins, a complaint in replevin and ask damages in the sum of \$25. The mail order house maintains that payments were not kept up on furniture purchased, and asks to re-

**CHILD LABOR TO BE TAXED**

Revenue Officers Looking for Firms Using Child Labor

The Willing Workers class of the St. Paul's M. E. Sunday school will meet tomorrow afternoon at two o'clock at the home of Miss Sadie Williams, 425 North Perkins street. A good attendance is desired.

Twenty-five couples attended the dance at Arlington last evening. Guests were present from Greenfield, Knightstown, Carthage and Rushville. Mrs. Francis Kuechi and Fred McGinnis of this city provided the music.

Mrs. T. M. Green was hostess for the members of the First United Presbyterian Ladies Aid Society yesterday afternoon at her home in East Fifth street. The regular program and business session were held followed by the serving of light refreshments.

Mrs. Loren Meek was hostess for the Tuesday Evening Card Club last evening at her home in North Main street. The affair was the annual Christmas party at which time Christmas gifts were exchanged. After an evening of cards light refreshments were served.

Mrs. John P. Fraze, Jr., entertained the members of the Psi Iota Xi sorority last evening at her home in North Main street. No business of importance was transacted at this meeting, the evening being spent in a social way, at the close of which refreshments were served.

Miss Leotis L. Hodge, daughter of Mr. and Mrs. Alba Hodge, and Chester Anderson, son of Mr. and Mrs. George Anderson, both of near Homer, were quietly married at the Main Street Christian parsonage this morning at ten o'clock, the Rev. L. E. Brown performing the ceremony. The young couple will reside on a farm near Homer.

Twenty members of the Loyal Women's class of the Main Street Christian Sunday school, were entertained at the home of Mrs. Walter Conway in North Morgan street last evening. During the business session which was held the following officers were elected: Mrs. P. H. Chadwick, president; Mrs. George Thomas, assistant president, and Miss Laura Alexander, secretary-treasurer. Following the business meeting a social hour was enjoyed.

Indianapolis, Ind., Dec. 17.—Hoosierdom was being swept today by revenue officers in a campaign to learn the number, location and management of industrial concerns in Indiana using child labor. A special tax of ten percent of the net profits of such concerns will be assessed based upon reports brought in by the agents and also upon those filed voluntarily by the manufacturers themselves.

For several weeks the agents have been receiving special training on the new law. The purpose of the present campaign is to educate the parties subject to the tax as well as to gain information regarding those who are liable.

during which refreshments were served.

Mrs. Ed. Bowen, Mrs. Albert Dickey and Mrs. Roy Dolan were hostesses for a miscellaneous shower yesterday afternoon at the home of the former in Falmouth, honoring Miss Frances George, who will become the bride of Bryan Biddinger of Indianapolis tomorrow. The color schema for the decorations was pink and white, which was also carried out in the dainty refreshments served at the close of the evening. Sixty guests were present including two out-of-town guests, Mrs. E. J. Krilbs and Miss Naomi Baker of Indianapolis.

Mrs. E. S. Wilson and Mrs. J. E. Holmes were hostesses for the December meeting of the Woman's Home Missionary society of the Glenwood M. E. church, yesterday afternoon, at the home of Mrs. Wilson. An interesting program was given with Miss Sadie Scholl as leader. The subject for discussion was "Slavonic Work." After the business session the time was spent socially with music on the Victrola. The hostesses served light refreshments. The only guest at the meeting was Mrs. Elsie Ruff. The next meeting will be held at the home of Mrs. Sarah Holmes.

Mrs. Charles Newhouse entertained the members of the Glenwood Sorosis club yesterday afternoon at her home south of Glenwood. A Christmas program was given, consisting of musical numbers by Mrs. Curtis-Scholl and Miss Marian Fry, and a reading by Miss Sadie Scholl. The program was followed by a contest which proved to be one of the chief amusements. At the close of the afternoon the guests were invited into the dining room which was beautifully decorated in the Christmas color scheme of red and green, holly being used in profusion. The centerpiece for the table was a miniature house with Santa Claus and his reindeers standing on the outside. The guests present drew slips from Santa's pack, which signified the number of the presents they were to receive. The presents were concealed in the small house. A beautiful course luncheon was served to the guests present.

RECOVERY STILL IN DOUBT TODAY
Continued from Page One
School taught by Mrs. B. F. Miller, utilized the time at the regular meeting held last night at the home of Miss Gertrude Wilkinson, to dress thirteen dolls for the fund. They were brought to the Daily Republican office this morning and each one will find a warm spot in some little girl's heart Christmas morning.

Supt. J. H. Scholl, who is in charge of the program which will be given at the court house assembly room the afternoon before Christmas, announced today that Miss Ethel Flint is preparing a play, "Santa and His Helpers," which will be given by the little pupils of the Graham Annex building. Mrs. Carl F. Behr has also consented to sing. Other numbers are being arranged so that about one-half hour of entertainment will be provided before the gifts are distributed.

COLLEGE PROFESSORS GRANTED MORE MONEY

Wabash College Trustees Act Favorably on a Petition From "Profs" Asking Increases

MAXIMUM IS \$3,000 A YEAR

(By United Press)

Crawfordsville, Ind., Dec. 17.—Wabash college professors want more money and they are going to get it, too.

Salary increases of 30 percent and more were granted to the members of the faculty yesterday by the board of trustees at the semi-annual meeting of the board. All full professors will receive a maximum salary of \$3,000, which is an increase from the former maximum of \$2,400 of about \$600. Associate professors and instructors, as well as departmental heads, will profit by the raise. The new salary will take effect immediately.

It was explained in the petition presented to the board of trustees that during the last five years salaries of teachers have increased only twenty percent while the cost of living has advanced one hundred percent.

The signers of the petition addressed to President George L. Mackintosh, the trustees and alumni of Wabash college, were: Rollo W. Brown, Edgar Chapman, Frank H. Cowles, G. V. Cox, Lawrence H. Gipson, A. Richards, Joy L. Leonard, Charles H. Oldfather, A. J. Wilson, Richard M. Holman, George H. Tapp and Charles E. Leavenworth.

AN OLD RELIABLE FAMILY REMEDY, recommended for coughs, colds, tickling of the throat, spasmodic cough, whooping cough, la grippe, and bronchial coughs, hoarseness, etc.

The First Dose Gave Relief

C. E. Summers, Holdrege, Neb., writes: "Some time ago I contracted a very severe cough and could hardly sleep for two or three weeks. A friend of mine recommended Foley's Honey and Tar Compound, and I got a six bottle. The very first dose relieved me. I took a second dose before going to bed and can truthfully say I did not cough once all night. By using as directed the next two days my cough was entirely gone, and I give Foley's Honey and Tar full credit for my speedy and permanent recovery."

For more than thirty years Foley's Honey and Tar has been used with satisfaction and success.

Women Need Swamp Root

Thousands of women have kidney trouble and never realize it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition they may cause the other organs to become diseased.

Pains in the back, headache, less ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp Root, a physician's prescription obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test the great preparation send ten cents to Dr. Kilmer & Co., Indianapolis, N. Y., for a sample bottle. When writing be sure and mention the Rushville Republican. — (Adv.)

THE REASON WHY

The Litchfield Co., Builds Our Spreaders

I know I can't afford to build up a trade on an inferior spreader and that is why I am selling the "RUSHVILLE SPECIAL" machine. I might get a good start on a lower grade spreader due to special efforts, but this wouldn't get me anywhere. I am building for the future. This means quality for my customers. My progress may be slow, but I get there in the end and my customers profit by it.

When I was looking around for a spreader to handle, I found that the Litchfield Company could build a machine adapted to my territory and my requirements, and after thorough investigation, I tied up with them. That is why I am selling the "RUSHVILLE SPECIAL" Spreader today. I am intensely interested in the Bull-Dog Beater Wheel; and fully as much so in the No-Choke Box. Then my attention was called to the open door endless conveyor. I thought anyone of these three points would enable me to out-class competitors, but HAVING THEM ALL looked good.

Then on top of this I found that the Litchfield Company makes every part and piece of these machines under its own roofs, from the raw material. When they said they would guarantee this machine for five years, I thought I could see why they were ABLE to do it.

Buy it now. Don't put it off. You can't afford to. Nothing gained and much is sure to be lost. Take my word for it. I am backed by the factory that is fully equipped in every way, and this is their recommendation. "Buy it now." Remember that this spreader is built by the largest spreader builders in the world and also the oldest.

Muscles Were Tied in Knots

This is The Way Hudson Says They Felt—"Simply Wonderful What Tanlac Did For Me," He Says.

"If anybody had told me that Tanlac could do for me what it has done I would not have believed them," said C. R. Hudson, of Knoxville, Ill. "It freed me from awful torture from pain after twelve years of suffering, and it would have been hard to believe anything could give me such quick relief," continued Mr. Hudson.

"I tried about everything I ever heard of for rheumatism and stomach trouble, but it seemed the more medicine I took the worse my suffering became. My stomach wouldn't digest anything, and I was dieting all the time. If I tried to eat any solid food I would suffer something awful and I would have such terrible cramps in my stomach that I could hardly stand it. Gas would form and would cause terrible bloating, which would affect my heart so that I would become faint and have to lie down. I went from bad to worse and my rheumatism got so bad my legs began to swell up terribly. The muscles in my legs seemed to be tied in knots, and my right leg was in such bad shape I couldn't straighten it out, and pained me so I could find no way to rest. I tell you I was badly crippled up. At night my suffering was something awful. I would twist and squirm from one side of the bed to the other trying to get in a comfortable position. I kept getting worse all the time, and not being able to work any more, after talking the matter over with my wife, we decided it would be best for me to rent my farm and move to town in the hope that I would get better. We did this, but I continued in the same fix, and I was very discouraged."

"One day I heard some people talking about somebody that had been greatly benefited by Tanlac, and I made up my mind to go right straight and get me a bottle, and I began taking it right away, and by the time I had taken one bottle I was feeling a great deal better, and was able to eat things that I could not eat for years. I had begun to sleep better and my rheumatism began to improve. After taking Tanlac for a short while I am now a changed man and feel as well as I ever did in my life. It is simply wonderful what Tanlac did for me. I can eat anything I want, my rheumatism is all gone, I sleep like a log every night, and feel as fresh as I did on the farm years ago. I am going back on the farm able to do as much work as I ever did in my life."

Tanlac is sold in Rushville by F. B. Johnson & Co.; in Milroy by Dallas Copper; in Manilla by Geo. J. Inlow, and Arlington by Mrs. L. T. Davis.—(Adv.)

Demonstrating Kipling

The truth of Kipling's famous line "The female of the species is more deadly than the male," is said to be demonstrated in the latest Ethel Clayton motion picture "More Deadly Than the Male," adapted from a short story, which is at the Princess tonight.

A big double program is offered for Thursday and Friday, with Fatty Arbuckle in "The Hayseed" and Marguerite Clark in "Lick in Pawn" which gives the familiar story of the country girl who aspires to be a great artist, a brand new twist.

Generally in fiction the aspiring heroine wins immortal fame with a masterpiece just as she is about to succumb to starvation. "Lick in Pawn" treats the situation in a much more true-to-life and pleasant manner. Annabel Lee, the pretty heroine, played by Miss Clark, is a country girl whose mother has paid for her art training by considerable sacrifice. Annabel is informed by a noted painter that her talent in infinitesimal and is feeling pretty blue when a bored young millionaire, attracted by her unaffected clothes and ingenuous manner, strikes up an acquaintance with her. The pretty love story that follows, with its rather startling ending, is said to furnish a thoroughly entertaining comedy picture in Miss Clark's best manner.

Williams as a Crook

The remarkable situation of a master society crook assuming the role of an equally famous detective and untangling a gigantic stock swindle to safeguard the life savings of hundreds of poor folk, is portrayed in "A Rogue's Romance," the Earle Williams Picture which will be seen in the Mystic theatre today.

The Vitagraph star appears in this release to splendid advantage in roles that his admirers best like him crook and detective portrayals, and every promise is given that he will exceed even the triumph he attained in "Arsene Lupin."

H. H. Van Loan wrote the drama specially for Mr. Williams, giving him the character of Mons. Picard, greatest character in French criminal history, always pursued, but never caught. Finally he turns straight for love of a beautiful society girl who sacrifices even her reputation to save him from the police and quits the field of crime after making amends and bidding a dramatic defiance to his police foes.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

CENTENNIAL ON JANUARY 20

Indiana University Plans Program on 100th Birthday.

Bloomington, Ind., Dec. 17—The one hundredth anniversary of Indiana university will be celebrated on Foundation day, Jan. 20.

Many notable men including Will H. Hays, republican national chairman, will deliver addresses.

A pageant showing the history of the university and of the state in the past century will be one of the features of the exercises. A banquet will be held on the evening preceding the exercises to which all officials and alumni of the university have been invited.

James Young directed the picture on the West Coast, and in the supporting east are Kathryn Adams, Brinsley Shaw, Harry Van Meter, Herbert Standing, Marion Skinner, Maude George, Sid Franklin and Karl Farms.

Tomorrow's program will consist of the final episode of "Elmo The Mighty," a two reel western picture, "The Last Outlaw," and a Lyons and Moran comedy.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day, including a good breakfast.

People who have catarrh or frequent colds invite Influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and sooth and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

GULF STREAM FLOWS NEARER TO THE COAST

Cotton Growers Fear That Damage May be Brought Because Stream is Ten Miles Closer

CHANGE NOTED IN YEAR

Abbeville, La., Dec. 17—The course of the Gulf stream is believed to have come ten miles nearer the American coast during the last year and probably has caused serious damage to the cotton crop, according to L. Vallee, one of the most prominent planters of this section.

Vallee has made observations which lead him to believe that reports made recently by seamen that the Gulf stream was flowing nearer land are correct. He points out that this year's cotton crop was greatly curtailed because of adverse weather conditions.

If the Gulf stream is actually flowing so near land, I fear the entire cotton growing area is menaced by a succession of wet seasons, which, added to the ravages of the boll weevil and other pests, will curtail materially the production and lower the grade of American cotton, Vallee said.

Democrats and Republicans Display Much Interest in Outcome of Ford-Newberry Trial

NEWBERRY HAS A CAREER.

Was Once Secretary of Navy and Served One Term as Senator—Everyone Knows of Ford

Washington, Dec. 17.—Politicians here and the country over are watching developments in the sensational Ford-Newberry election case with keen interest. Each party is seeking to benefit—democrats by claiming they forced the investigation, and republicans by asserting they welcome it.

The controversy rages around two widely different men—Henry Ford a popular figure because of his spectacular rise from a humble mechanic to the world's greatest automobile manufacturer; Truman H. Newberry coming from a rich family prominent in society and trained in the etiquette of official life in Washington through former service as Secretary of the Navy in 1908-09 and as commander in the navy during the war.

Newberry, as is usual with new senators during their first term, has taken little active part in the proceedings of the Senate. He has made no speeches of length and has only taken the floor at rare intervals to introduce a pension bill for a bridge of local improvement in his home state.

He has been fairly active in committee work, however, especially in the senate naval affairs committee where his former experience as secretary of the navy, also as assistant secretary and later as a commander, has been of value. He also takes part in the senate banking and currency committee's work which has included consideration of the noted John Skelton Williams case involving charges of unfitness as comptroller of the currency. Many important financial bills have come before the committee which Newberry through his experience as a business man, has taken an active interest in.

The fight against Newberry started at the previous Congress before he had taken his seat. Henry Ford filed notice that he would contest the election on December 31, 1918. The senate was then controlled by a democratic majority and Senator Pomerene, Ohio, was chairman of the committee on privileges and elections. Hearings were held and the senate finally voted to order all

Power now established by extensive owner service

The unusual power of the Nash Six now thoroughly established by extensive performance in the hands of owners, is only one of its many superior features. Its Nash Perfected Valve-In-Head Motor has proved itself especially quiet, practically vibrationless, and economical of fuel. A feature is that its valve mechanism is enclosed and self-lubricating.
